RE: PETITION TO CREATE THE CALHOUN COUNTY HOSPITAL DISTRICT

Dear Judge Lyssy:

Please accept this letter in accordance with Chapter 286.023(h) Subchapter B, of the Texas Health and Safety Code guidelines that require signatures of 3% of voters residing within the boundaries of Calhoun County.

Based on the current number of registered voters which is 12,643 the 3% amount of signatures required is 380. I hereby certify that I was provided with a petition signed by 499 potential qualified voters. I verified each registration status and believe that of the 499 signatures, 22 did not meet qualifications to be counted toward the statutorily required signatures.

The petition does meet and exceed the required amount of signatures with a total of 97 more than is required.

Thank You,,

A handwritten signature in blue ink, reading "Mary Ann Orta".
